COVID-19 REOPENING GUIDANCE
GOVERNOR’S ECONOMIC REOPENING TASKFORCE
This guidance applies to outdoor activities situated in recreational or natural settings that occur individually or in small groups. This includes centers for biking, canoe and kayak rentals, mini-golf, outdoor driving ranges, outdoor shooting ranges, small fishing charters, paint ball, outdoor guiding services (fishing, hunting, hiking), and other small group outdoor activities that are able to follow the guidance below.

Additionally, this guidance shall apply to outdoor and nature-based experiential attractions and businesses, including but not limited to: agro-tourism, outdoor walking trails, tours and paths, batting cages, zip lines, chairlifts, ropes courses/aerial parks, disk golf, open off-road vehicle tours (no enclosure), natural science centers, garden tours, diving tours and lessons, caves, petting zoos, balloon rides, helicopter and plane rides (groups fewer than 5) and white water rafting.

**Safeguarding Guidance:**

The intent of these recommendations is to reduce transmission of COVID-19 among employees and customers; support healthy business operations; and maintain a healthy work environment.

In addition to strict adherence to [U.S. Centers for Disease Control and Prevention (CDC)](https://www.cdc.gov), [Equal Employment Opportunity Commission (EEOC)](https://www.eeoc.gov) and [Occupational Safety and Health Administration (OSHA)](https://www.osha.gov) guidance, and [US Food and Drug Administration (FDA)](https://www.fda.gov) the State of New Hampshire recommends policies and procedures to protect consumers and employees, including:

**General Guidance to Protect Employees and Consumers:**

2. Review and follow the [Retail guidance](https://www.state.nh.us/safer-at-home/business-guidelines-retail.php).
4. Review and follow the State Parks guidance.
8. Staff must wear cloth face coverings when social distancing is difficult to maintain.
   b. People wearing face coverings must not touch their eyes, nose, mouth, or face, or adjust their face mask without first sanitizing hands. After touching face or adjusting mask, hands must be sanitized.
9. All clients should be asked to wear a cloth face mask covering nose and mouth when within the facility or public spaces with other individuals present.
10. Alcohol-based hand sanitizer must be made readily available and must be placed throughout the facility, including on entry, in key walkways, in food and beverage locations, in shops, at checkout locations, and at exits. Hand sanitizer must also be
provided in non-public settings such as maintenance areas, workshops, offices, and break areas.

11. Commonly touched surfaces, work areas, and public areas should be frequently cleaned and disinfected according to CDC guidance at a minimum every 2 hours and at the end of each shift.

12. Staff and clients should maintain a distance of at least 6 feet from others at all times.

**Employee Protection:**

1. Employees must be provided with education and training around safe practices as it relates to hand hygiene, sanitation (cleaning and disinfection policies), and illness policies outlined in the Universal Guidance and Retail Store Guidance.

2. Employees must be screened (questioned about) symptoms of COVID-19 before each shift as outlined in the Universal Guidelines for All New Hampshire Employers and Employees. Staff with any symptoms should not be allowed to work.

3. Require all employees to report any symptoms of COVID-19 or close contact to a person with COVID-19 to supervisor.

4. One person per company vehicles (including trucks, over-the-road, UTV/ATV). The vehicle or work carrier should be cleaned and disinfected after each staff use.

5. Employees must work at least 6 feet apart at all times (whether indoors or outdoors) and must maintain at least 6 feet of distance with clients.

6. Shared use tools and equipment will be cleaned and disinfected after each use.

**Consumer Protection:**

1. All facilities should have a communication plan to educate guests prior to their visit about the health and safety practices at the venue and what the guests need to be aware of when they arrive. Such communication plans shall include, but not be limited to, online methods (e.g., website, social media sites), email or other electronic communication, such as reservations or confirmations, and print mailings to the guest.

2. Facilities must build social distancing into the operation of restrooms.

3. Guests and visitors should be asked the following questions at check-in:
   a. Have you been in close contact with a confirmed case of COVID-19 in the last 14 days? (NOTE: Healthcare workers caring for COVID-19 patients while wearing appropriate personal protective equipment should answer “no” to this question)
   b. Are you experiencing any respiratory symptoms, including a runny nose, sore throat, cough, or shortness of breath?
   c. Have you had a fever or felt feverish in the last 72 hours?
   d. Are you experiencing any new muscle aches or chills?
   e. Have you had any new changes in your sense of taste or smell?
   f. If you answered yes to any of these questions, please do not put our employees and other guests at risk and come back another day when you feel better. Any deposit will be returned.
   g. A version of this checklist should be included in reservation confirmations.
4. Signage must be prominently posted at the entrance informing customers about symptoms of COVID-19 and guests/visitors should be asked to:
   a. remain home if experiencing symptoms of COVID-19 (list common symptoms of COVID-19); and
   b. keep a safe distance of at least 6 feet from other people visiting the attractions and amusement parks at all times; and
   c. Practice frequent hand hygiene/washing; and
   d. wear a cloth face covering over mouth and nose to protect others when in public locations where other consumers might be present (e.g. bathroom facilities)

Business Process Adaptations:

1. Capacity is limited to the number of people where social distancing is able to be safely maintained with at least 6 feet of separation between individuals and between groups at all times. Close household contacts (e.g. a parent and child) are allowed closer than 6 feet to each other.
2. Admission limits will be determined for daily and hourly capacities to ensure appropriate social distancing pursuant to the Universal Guidelines at recreational facilities. Advance reservations will have priority and general admission will be permissible based on availability.
3. Where possible, clearly mark physical distancing spaces/guidelines with floor/ground markings, seat markings, or signs.
4. Visitors will enter and exit via separate areas and facilities will develop plans to make traffic flow one directional, wherever possible. One-directional flow will be mapped out at all facilities, including clearly marked ingress and egress points and easy-to-understand directional signage that will show the direction of traffic flow.
5. Utilize touch-free/contactless payment options when possible, reducing face-to-face purchase transactions. Guests should purchase tickets or schedule appointments online whenever possible.
6. Place plexiglass or other types of barriers/hygiene screens between guests and staff who are in frequent close interaction areas wherever practical to reduce exposure to a person's respiratory droplets. Clean the barriers/hygiene screens regularly.
7. Any seating will be spaced more than 6 feet apart to maintain social distancing.
8. Limit surfaces touched by visitors and employees, i.e. leave doors open where possible, no access to public water fountains and remove lids from trash cans.
9. Retail settings must follow the guidelines outlined in the New Hampshire Retail Store Guidance.
